Υπάρχει στον κόσμο τούτον ένας μυστικός νόμος – αν δεν υπήρχε, ο κόσμος
θα 'ταν από χιλιάδες χρόνια χαμένος – σκληρός κι απαραβίαστος: το κακό
πάντα στην αρχή θριαμβεύει και πάντα στο τέλος νικάται.
–Νίκος Καζαντζάκης, *Ελευθερία ή Θάνατος*

*There is a secret law in this world - if it didn't exist, the world would have
been lost thousands of years ago - hard and inviolable: evil always prevails
in the beginning and is always defeated in the end.
–Nikos Kazantzakis, *Freedom or Death**
