USING FUNCTIONAL GENETIC SCREENS TO UNDERSTAND AND OVERCOME PARP INHIBITOR RESISTANCE

Mariana Paes Lobo Lopes Dias

An abstract graphic design featuring several thick, winding lines in yellow, olive green, and dusty rose. These lines form various shapes, including a large vertical loop on the left, a horizontal path across the middle, and a large orange circle at the bottom. Small white dots are scattered along the lines. A dark teal oval with white text is positioned in the lower-middle section, overlapping the orange circle and the green line.

Mind the ssDNA GAP
