Table of content

Chapter 1	General introduction	8
Chapter 2	Early impact of X and Y chromosome variations (XXX, XXY, XYY) on social communication and social emotional development in 1-2 years old children.	28
Chapter 3	Early social behavior in young children with Sex Chromosome Trisomies (XXX, XXY, XYY): profiles of observed social interactions and social impairments associated with Autism Spectrum Disorder (ASD).	56
Chapter 4	The impact of Sex Chromosome Trisomies (XXX, XXY, XYY) on early social cognition: Social Orienting, Joint Attention and Theory of Mind.	88
Chapter 5	The impact of Sex Chromosome Trisomies (XXX, XXY, XYY) on social attention and affect recognition: A cross-sectional eye tracking study.	120
Chapter 6	Early symptoms of Autism Spectrum Disorder (ASD) in 2-8 year old children with Sex Chromosome Trisomies (XXX, XXY, XYY), and the predictive value of Joint Attention.	154
Chapter 7	Early preventive intervention for young children with Sex Chromosome Trisomies (XXX, XXY, XYY): Supporting social cognitive development using a neurocognitive training program targeting facial emotion recognition.	184
Chapter 8	General discussion	216
	Nederlandse samenvatting (Summary in Dutch)	248
	Curriculum Vitae	280
	List of publications	284
	Dankwoord (Acknowledgements)	288
