BREAKING BARRIERS

Unraveling response mechanisms
to immunotherapy in breast cancer

Olga S. Blomberg

The background features a central, intricate molecular or network structure composed of interconnected nodes and lines, rendered in a light, semi-transparent blue. This structure is set against a vibrant blue background. In the lower half, there are large, organic, flowing shapes in shades of green, yellow, and dark blue, creating a sense of depth and movement. The overall aesthetic is scientific and modern.
