<https://doi.org/10.1007/s00384-022-04292-7>

The data on the abstract under the result section in the originally published version of the aforementioned article contains an error and should be amended as follows:

It is mentioned in the abstract as 137, but in total, 133 patients completed the treatment protocol. The flowchart is accurate, (68 PFPT/65 postponed PFPT).

The original article has been corrected.
