CURRICULUM VITAE

Wouter ten Voorde was born on January 20, 1995, in Leiderdorp and raised in Langeraar. He graduated from Scala College Alphen aan den Rijn in 2014 and then pursued a bachelor's degree in Bio-Pharmaceutical Sciences at Leiden University. In his final undergraduate year, he completed an internship focused on brain-derived exosome isolation in the Systems Pharmacology division under Prof. Dr. E.C.M. de Lange. After earning his bachelor's degree, Wouter continued with a master's program in Bio-Pharmaceutical Sciences and Business Studies. During his master's, he completed two internships: one at the Centre for Human Drug Research (CHDR) and another at DDCD consulting, a company founded by former CHDR CEO, Prof. Dr. A.F. Cohen. After finishing his master's degree with honors, Wouter began his PhD as a clinical scientist at CHDR, under the supervision of Prof. Dr. J. Burggraaf and Prof. Dr. R. Rissmann. During his PhD, he was trained as a clinical pharmacologist. After completing his PhD, Wouter took on the role of Business Development Manager at CHDR.
