Erratum: Trastuzumab Deruxtecan in Patients With HER2-Mutant Metastatic Non–Small-Cell Lung Cancer: Primary Results From the Randomized, Phase II DESTINY-Lung02 Trial

The article by Goto et al entitled “Trastuzumab Deruxtecan in Patients With HER2-Mutant Metastatic Non–Small-Cell Lung Cancer: Primary Results From the Randomized, Phase II DESTINY-Lung02 Trial” (*Journal of Clinical Oncology* [10.1200/JCO.23.01361](https://doi.org/10.1200/JCO.23.01361)) was published online September 11, 2023, with an error.

An error in the calculation of the percentage of patients who had LV dysfunction in the T-DXd 5.4 mg/kg once every 3 weeks arm is present in the sentence, “LV dysfunction was reported in one (0.7%) patient in the T-DXd 5.4 mg/kg once

every 3 weeks arm (grade 1; ejection fraction decreased) and in no patients in the T-DXd 6.4 mg/kg once every 3 weeks arm.” The sentence should read “LV dysfunction was reported in one (1%) patient in the T-DXd 5.4 mg/kg once every 3 weeks arm (grade 1; ejection fraction decreased) and in no patients in the T-DXd 6.4 mg/kg once every 3 weeks arm.”

This has been corrected as of December 19, 2023. The authors apologize for the error.
