Curriculum Vitae

Shaoyu Wang was born in Sichuan Province, China on 23 September 1994. She obtained her Bachelor's degree in Chinese Language and Literature from Sichuan University, China. During her undergraduate studies, Shaoyu led a national-level innovation training project, conducting research on the education of ethnic minorities in southwestern China. Further her education, Shaoyu persuaded a Master in Linguistics and Applied Linguistics at Sichuan University, China. Shaoyu gained practical experience in theoretical and experimental linguistics during an exchange program at Institute of Linguistics at National Tsing Hua University in Taiwan. Shaoyu commenced her PhD study at Leiden University Centre of Linguistics in September 2019. During her time in Leiden, her research is primarily focused on non-native language production in multilinguals.
