Proefschrift

ter verkrijging van

de graad van doctor aan de Universiteit Leiden,

op gezag van rector magnificus prof.dr.ir. H. Bijl,

volgens besluit van het college voor promoties

te verdedigen op woensdag 16 april 2025

klokke 16.00 uur

door

Laudine Maëlle Célestine Petralia

geboren te Échirolles, Frankrijk

in 1993

Promotor:

Prof. dr. C. H. Hokke

Co-promotores:

Dr. J. M. Foster (New England Biolabs, Verenigde Staten van Amerika)

Dr. A. van Diepen

Leden promotiecommissie:

Prof. dr. M. Wuhrer

Prof. dr. B. L. Makepeace (University of Liverpool, Verenigd Koninkrijk)

Dr. C. De Marco Verissimo (University of Galway, Ierland)

Dr. S. J. van Vliet (Amsterdam University Medical Center, Nederland)

Prof. dr. M. Yazdanbakhsh

A mia nonna, Benedetta Cavaliere Petralia

Ai miei genitori, Catherine Polano & Gaetan Petralia

Table of contents

Chapter I.	General introduction	9
Chapter II.	Identification of species-specific glycan antigens expressed by <i>Schistosoma haematobium</i>	59
Chapter III.	Mass spectrometric and glycan microarray-based characterization of the filarial nematode <i>Brugia malayi</i> glycome reveals anionic and zwitterionic glycan antigens	135
Chapter IV.	Unraveling cross-reactivity of anti-glycan IgG responses in filarial nematode infections	193
Chapter V.	Alteration of rhesus macaque serum <i>N</i> -glycome during infection with the human parasitic filarial nematode <i>Brugia malayi</i>	235
Chapter VI.	Summarizing discussion	279
Appendix	English summary	314
	Nederlandse samenvatting	320
	Résumé en Français	326
	Curriculum Vitae	332
	List of publications	333
	Acknowledgements	334
