Financial support

Part of the research described in this thesis was funded by Stichting Hartekind.

The printing of this thesis was financially supported by: Department of Obstetrics of the Leiden University Medical Center, Leiden University Library (UB/Walaeus), HagaAcademie, Chipsoft, Stichting Oranjekliniek, Canon Medical B.V. and Sectra.

The placenta in fetal congenital heart disease

Proefschrift

ter verkrijging van
de graad van doctor aan de Universiteit Leiden,
op gezag van rector magnificus prof.dr.ir. H. Bijl,
volgens besluit van het college voor promoties
te verdedigen op dinsdag 23 september 2025
klokke 11:30 uur

door
Maartje Catharina Snoep
geboren te Utrecht
in 1995

Promotor:

Prof. Dr. M.C. Haak

Copromotor:

Dr. L.E. van der Meeren

Leden promotiecommissie

Prof. Dr. T.H. van den Akker

Prof. Dr. P.H.A. Quax

Dr. M. Schoots (University Medical Center Groningen)

Prof. Dr. S.J. Gordijn (University Medical Center Groningen)

TABLE OF CONTENTS

Chapter 1	General Introduction	7
Chapter 2	Placenta morphology and biomarkers in pregnancies with congenital heart disease – a systematic review	15
Chapter 3	Placenta histology related to flow and oxygenation in fetal congenital heart disease	43
Chapter 4	Common embryological developmental pathways lead to altered placental development in all types of fetal congenital heart disease	63
Chapter 5	mRNA expression to assess hypoxia and angiogenesis in decidual tissue of fetuses with a congenital heart disease	89
Chapter 6	Factors related to fetal demise in cases with congenital heart defects	109
Chapter 7	Response to “Placenta insufficiency and congenital heart defects”	125
Chapter 8	Pregnancy complications in fetal congenital heart disease: a result of common early developmental pathways rather than fetal hemodynamics	129
Chapter 9	Study set up: placental characteristics of fetal lambs with decreased left heart flow	145
Chapter 10	General Discussion	155
Chapter 11	Summary / Samenvatting	167
Appendices	List of co-authors and their affiliations	176
	List of publications	180
	Curriculum Vitae	183
	Dankwoord	184
