The background of the entire page is a dark purple. It is populated with numerous stylized, hand-drawn outlines of cells, likely representing chondrocytes. These cells are mostly yellow and orange, with some in shades of blue and green. They are scattered across the page, with a higher concentration in the upper left. Interspersed among these cells are several stylized 'Z' and 'z' characters in various colors (yellow, orange, blue, green), which represent sleepers. The title text is positioned in the upper right quadrant.
