An abstract illustration on a dark blue background. On the left, a large, light blue, irregularly shaped object represents a cell or organelle. A diagonal line of small, light blue spheres, representing a cell membrane, runs from the top left towards the bottom right. To the right of this line, several red, rod-shaped bacteria are scattered. The title text is positioned in the upper right area.

A Matter of Delivery: Nanocarriers and the Engineering of Protective Immunity in Tuberculosis Vaccination
