Table of contents

Chapter 1	General introduction and outline of this thesis	7
Chapter 2	Neoadjuvant treatment strategies for patients with extremity soft tissue sarcomas across Europe: a survey from the Young and Early Career Investigator (Y-ECI) Soft Tissue and Bone Sarcoma Group (STBSG) of the European Organization for Research and Treatment of Cancer (EORTC) <i>Submitted</i>	23
Chapter 3	The role of [¹⁸ F]FDG PET/CT prior to and during neoadjuvant chemotherapy for soft tissue sarcoma <i>Current Oncology. 2025</i>	41
Chapter 4	Radiologic and pathologic response evaluation after neoadjuvant chemotherapy for retroperitoneal sarcoma: a Transatlantic Australasian Retroperitoneal Sarcoma Working Group (TARPSWG) collaboration. <i>Annals of Surgical Oncology. 2025</i>	61
Chapter 5	The impact of neoadjuvant chemotherapy on radiation associated angiosarcoma (RAAS) of the breast: a retrospective single center study <i>The Breast. 2024</i>	77
Chapter 6	Neoadjuvant imatinib in locally advanced gastrointestinal stromal tumors (GIST) is effective and safe: results from a prospective single center study with 108 patients <i>Annals of Surgical Oncology. 2023</i>	93
Chapter 7	Improvement of perioperative outcomes of gastric gastrointestinal stromal tumor resections and the influence of minimal invasive surgery <i>European Journal of Surgical Oncology. 2024</i>	111
Chapter 8	Magnetic seed localization is feasible for non-palpable melanoma, Merkel cell carcinoma, and soft tissue sarcoma lesions <i>European Journal of Surgical Oncology. 2024</i>	131
Chapter 9	General discussion and future perspectives	147
Appendices	Summary	164
	Samenvatting	166
	Curriculum Vitae	169
	Dankwoord	170
