The research presented in this thesis was performed at the C.J. Gorter MRI Center, Department of Radiology of the Leiden University Medical Center, Leiden, The Netherlands.

Financial support by Alzheimer Nederland for the publication of this thesis is gratefully acknowledged.

Advanced MR image analysis in sporadic and Dutch-type hereditary Cerebral Amyloid Angiopathy

Proefschrift

ter verkrijging van

de graad van doctor aan de Universiteit Leiden,

op gezag van rector magnificus prof.dr. S. de Rijcke,

volgens besluit van het college voor promoties

te verdedigen op woensdag 10 juni 2026

klokke 13:00 uur

door

Manon Roxanne Schipper

geboren te Hardinxveld-Giessendam

in 1997

Promotiecommissie

Promotores

Prof. dr. ir. M.J.P. van Osch

Prof. dr. M.J.H. Wermer

Co-promotor

Dr. M.A.A. van Walderveen

Promotiecommissie

Prof. dr. ir. M. Staring

Prof. dr. S.J. van Veluw, The University of Edinburgh

Dr. S. van Rooden

Dr. F. Schreuder, Radboud UMC, Nijmegen

Table of contents

Chapter 1	General introduction	7
<i>Part I – Cerebrovascular reactivity measured with visually stimulated functional MRI</i>		
Chapter 2	Microstructural white matter integrity in relation to vascular reactivity in Dutch-type hereditary Cerebral Amyloid Angiopathy.	21
Chapter 3	One-year follow-up of visually stimulated task-based fMRI in Dutch-type and sporadic Cerebral Amyloid Angiopathy.	45
<i>Part II – Quantification of perivascular space volume</i>		
Chapter 4	Cross-sectional and longitudinal quantification of total white matter perivascular space volume fraction in Dutch-type Cerebral Amyloid Angiopathy.	53
<i>Part III – Cerebral microbleeds localization, clustering, and the acute hemorrhagic phase</i>		
Chapter 5	Following the curvature: sulcal versus gyral cortical localization of cerebral microbleeds in Cerebral Amyloid Angiopathy.	79
Chapter 6	Clustering of Cerebral Microbleeds in Cerebral Amyloid Angiopathy: A Flow Territory-Based Analysis.	93
Chapter 7	Hyperintense lesions suspect for acute cerebral microbleeds on ultra-high field 7 Tesla MRI in patients with cerebral amyloid angiopathy.	111
Chapter 8	Summary, general discussion, and future perspectives	127
Appendix	Dutch summary	138
	References	140
	Portfolio	158
	Curriculum vitae	166
	Acknowledgements	168
