You cannot cross the sea merely by standing and staring at the water.

— Tagore

CONTENTS

1	General introduction and outline	9
----------	----------------------------------	---

PART I EXPLORING THE WAVES CLINICAL ASPECTS OF CLUSTER HEADACHE

2	Exploration of prolonged remission and the natural course of cluster headache	35
3	Increased use of illicit drugs in a Dutch cluster headache population	57
4	Risk and reward seeking behavior in cluster headache	75
5	Biochemical profiling and symptomatology of androgen deficiency in males with cluster headache	95
6	Translating the cluster headache quality of life questionnaire (CHQ) from English to Dutch with the TRAPD method	123
7	Quality of life changes: convergent validity, responsiveness and interpretability of the cluster headache quality of life scale (CHQ)	139

PART II BREAKING THE WAVES GON MODULATION IN CLUSTER HEADACHE

8	Transient side-shift after unilateral greater occipital nerve infiltration	169
9	Influence of greater occipital nerve infiltration on the nociceptive blink reflex	179
10	General discussion: summary and future perspectives	199

APPENDIX	Nederlandse samenvatting	232
	Portfolio	238
	Curriculum vitae	244
	List of publications	244
	Dankwoord	246
