Editorial design: Ana-Elena Chiță

Promotors:

Prof. dr. M. Yazdanbakhsh
Leiden University Center for Infectious
Diseases, Leiden University Medical
Center, Leiden, The Netherlands

Prof. dr. S. T. Agnandji
Institute of Medical Microbiology,
University Hospital Münster, 48149
Münster, Germany
Biomedicine and Social Sciences research
group, Department of Biologicals
and Therapeutics,
Centre de Recherches Médicales
de Lambaréné, BP 242, Lambaréné, Gabon.

Promotiecommissie:

Prof. dr. M. Roestenberg
Leiden University Center for Infectious
Diseases, Leiden University Medical
Center, Leiden, The Netherlands

Prof dr. J. van Hellemond
Department of Medical Microbiology
and Infectious Diseases, Erasmus
MC University Medical Center, 3015,
Rotterdam, The Netherlands.

Prof. dr. F. Schaumburg
Institute of Medical Microbiology,
University Hospital Münster,
Münster, Germany.

Dr. E. Houlder
Leiden University Center for Infectious
Diseases, Leiden University Medical
Center, Leiden, The Netherlands

Table of contents

6 — 11	Chapter 1 General Introduction: Malaria and Hookworms, disproportionate funding despite global burden.
12 — 27	Chapter 2 Bacterial and non-bacterial aetiology of acute febrile illness among outpatients using symptom-guided laboratory tests in Brazil, Gabon, and Malawi. To be submitted.
28 — 47	Chapter 3 Performance evaluation of a combination <i>Plasmodium</i> dual-antigen CRP rapid diagnostic test in Lambaréné, Gabon. <i>Infection</i> (2025) Aug; 53(1), 285 — 295.
48 — 73	Chapter 4 Safety, tolerability, and protective efficacy of a radiation-attenuated, whole sporozoite malaria vaccine in children in Gabon: a randomised, double-blind, placebo-controlled, phase 2 trial. <i>The Lancet Infectious Diseases</i> 2025 Sep; 26: 79—90.
74 — 89	Chapter 5 Establishing a controlled hookworm human infection (CHHI) model for Africa: A report from the stakeholders meeting held in Lambaréné, Gabon, November 10—11, 2019. <i>Archives of Public Health</i> 2021 Jul; 79: 2—8.
90 — 111	Chapter 6 Controlled human Infection with <i>Necator americanus</i> in Gabon: outcomes from a phase 1 clinical trial. To be submitted.
112 — 125	Chapter 7 Summarizing discussion: <i>Plasmodium falciparum</i> and <i>Necator americanus</i> in Gabon: observation, intervention, and controlled human infection

126 — 149**Chapter 8**
